We are calling for **Civil Society Organisations — CSOs** (non-governmental organizations, community groups, cooperative and farmers' organizations, philanthropy, networks and foundations) that are working in the field of *coronavirus response, youth empowerment, refugees, climate change, energy and environment, peacebuilding, STEM education, getting kids back to school, community development, agriculture and rural development* to learn more about **IsDB - ISFD NGO Empowerment for Poverty Reduction Program** through the Tadamon platform <https://tadamon.community/sign-up> and to **SIGN UP** in order to become part of the Tadamon community!

### CSOs will get access to:

- **Online database with CSOs from OIC Member Countries**

Explore organizations in order to collaborate with them and to become a part of a vetted and verified Tadamon network.

- **Crowdfunding Academy**

Create campaigns to access the new sources of funding to finance your projects.

- **Free online education courses powered by Tadamon and partner platforms**

Access customized education & training materials for organizational development, skills and capacity building.

- **Access to finance and donors communities**

Connect your work and campaigns with your potential partner and donor, and gain visibility and connect to new partners and investors.

## Who are we?

NGO Empowerment for Poverty Reduction is a project financed by ISFD, managed by IsDB and implemented by UNDP. Tadamon platform is empowering CSOs (Civil Society Organizations) in 57 OIC (Organization of Islamic Cooperation) Member Countries by providing visibility, funding and knowledge.

We are building stronger communities & helping those less fortunate. Equality, transparency, accountability and development stand at the core of everything we do.

## Tadamon is:

- 1. A web-platform that lists high-quality CSOs and provides them visibility**

As a web-platform, Tadamon offers a comprehensive, easily searchable list of high-quality CSOs with a proven record in 57 countries (members of the IsDB). Local partners can be easily searched on the platform.
- 2. An educational program that makes CSOs better at what they're doing**

As an educational program, Tadamon offers cutting edge skill-building for everything CSOs need: from fundraising and management to communication and public relations.
- 3. A bridge between different countries, CSOs and stakeholders**

As a bridge, Tadamon connects grassroots communities in OIC member countries working on development issues. It connects donors and practitioners; it connects Africa, Asia, Europe and MENA; it connects CSOs, partnering organizations and donors.
